NORWAY AND VICINITY.

George Currier has returned to the sled factory at South Paris after being out several weeks suffering from grippe.

Pettingill & Co. have the new firm that bought the James Pettigrew meat business on Winter street. Mr. Pettigill sold the "falls store" grocery store but as the building could not be occupied beyond June 1, the trade was cancelled.

This stock is being transferred to the new place of business. It is reported that this store and rent above has been leased to the Atlantic & Pacific Tea Co. for a long term. The Pettigill family will occupy the John Bumpus house near by.

Louise Thomas entertained the Wazee-mahwee Camp Fire Girls at her home on Winter street Monday evening. Coming to the billiard, but few attended, so the usual meeting developed into a party with flinch, general sport and music.

The ninth grade students attended town meeting in a body and occupied seats in the gallery, under the care of Agnes Fuller, the ninth grade teacher.

This was a practical demonstration being in direct line with a Civil Government course now being taught in that grade.

Mr. and Mrs. Leon M. Longley and daughter Charlotte were week-end guests of relatives in Harrison.

High grade cigars were passed freely about the hall at town meeting Monday afternoon. These were a present from George F. Hathaway, the new first selectman.

Lawrence Recori is having but little trouble now from his infected hand. It is nearly healed. Several weeks ago he ran a wire under the nail of the index finger, causing inflammation and blood poisoning. Although able to continue with Lou Cushman on the trucking job, the wound has proved inconvenient and painful.

Prinze Steward finished work with the Advertiser Saturday and is with the W. F. Tubb's Snowshoe Co. Prinze followed the trade here nearly four years, and upon leaving, his associates offered a surprise gift in the form of a gold stick pin with pearl and enamel. A substantial present from another source.

Ida Merrill and Doris Brooks attended the Knights of Pythias Ball at Bryant's Pond, Friday night.

Mrs. Grace Cushman entertained a jolly party at her home Friday evening. Progressive whist occupied the time followed by refreshments.

Albert E. Pike, who has been spending the winter with relatives in Poland and Connecticut, has returned to Norway, and is stopping with his sister, Mrs. Emma Smith, Danforth street.

Oscar N. Cox and Percy W. Russell recently cut an unusually fine pine on the lot Mr. Cox bought of Mrs. Mary Bennett last fall. The butt log was 16 feet long, and contained 1,100 feet. The whole tree scaled 2,250 feet. The logs were landed at the head of the lake by W. M. Russell's team.

Mr. and Mrs. Walter F. Tubb entertained the Arguonot club in their home Friday evening. There were three tables at progressive whist and Mrs. Clara Luck won the highest score. The dainty table cards were attached to pussy willows, being the handiwork of the hostess. Mrs. Louis J. Banks appeared wearing an expensive necklace of rare material. This unique adornment was a string of Norway potatoes with a market value too well known for comment. Refreshments of sandwiches, olives, candy, marguerites and chocolate were served.

Mr. and Mrs. John Shepard of Turner street Auburn were the week-end guests of their daughter, Mrs. Elmer Packard. Mrs. Frank Rollins is on a trip through New Hampshire and Massachusetts, visiting relatives and friends. Owing to poor health, this change of two weeks duration is expected to be of the greatest benefit.

Bonny Chaffin has returned to Norway and will remain here visiting relatives during the next two weeks.

Team jumping in the village streets and sliding down the Pike hill road have been dangerous tricks featured by many children this winter. Fortunately no accidents have happened, but the risk has been great because many little chaps have tempted fate by dare-devil stunts in both instances. A driver is liable for damages if a child receives an injury on his team. So far as sliding is concerned, probably the parents would be responsible, probably because a sign on the hill displays a warning against coasting in that place.

The ladies of the W. C. T. U. will meet with Mrs. Elton Brown at her home on Crescent street at 2:30 o'clock Wednesday, March 14.

Miss Frances E. Bartlett of East Stoneham, who has gone to France as a nurse, has arrived home by the ship, the "Hesperia". She is expected to arrive here on Tuesday.

A Civil Service Examination for City Carriers for Post Office at Norway, Maine is to be held at the High School Building Saturday, March 10, at 9 A. M.

Norway friends will be pleased to know and are pleased to announce that the report here last week that Herbert Thurston of Portland was electrocuted by coming in contact with a live wire was not the Herbert Thurston who had lived here and was known here. It was a Portland young man by the same name.

Correction in Norway Appropriation

Through a twist of circumstances the appropriation for the Harrison road from Norway Lake to the Otisfield town line was boosted in the schedule from \$500 to \$2,500, the larger amount being a mistake. This misarrangement of figures will change the total appropriation to \$28,578.

Now, I use Doan's Kidney Pills only as needed and am always able to depend on them for relief."

HERE is an economy wave over the land. American people are beginning to realize that they are living too fast, beyond their means. It has been the rule that the man with \$20,000 a year as well as the man with \$2,000 a year lives up to every penny of his income. Slowly but surely this order of things is changing. The era of extravagance and waste in business and personal expenses is nearing an end. Efficiency and economy is the order of the day. Bank deposits are growing.

It is up to every one to economize. The best and surest way to do so is to place your surplus in the bank. If you already have a bank account make it a point from today on to increase it. Add to it weekly, daily if possible.

Death Comes to G. H. Mills

George H. Mills, aged 83 years, 10 months and 18 days, Civil war soldier and a sportsman of a type died of pneumonia at 3 o'clock, Monday, Feb. 18th, at Worcester, Mass., state hospital.

As a sportsman, Mr. Mills was known throughout Worcester county because of the frequent trips to Maine, always fruitful from the sport view, and to his fondness for outdoor life. He accomplished his retention of the family record of longevity, the majority of the 13 children of the family passing the four-score mark.

He leaves a brother, Cyrus Mills, living on the old family farm in Bethel, who is within eight years of the century mark.

He was born in Mason, Oxford County, the son of Cyrus and Abiah (Beans) Mills, and in 1851 he went to Boston and was apprenticed to Melcher & Littlefield, Carpenter. He served three years and another year with Mr. Melcher, when the firm was dissolved, then returning to Maine, remaining a year at Bethel, when he went to Charlestown.

He enlisted as a corporal in C Co., 36th Massachusetts regiment infantry, Aug. 8, 1862, for a three years' service, being discharged June 8, 1865.

He was in the battles of Jamestown, Ky.; Vicksburg, Miss., being present at the surrender of Gen. Pemberton following three weeks' siege, Jackson, Miss.; Blue Springs, Tenn.; Campbells station, Tenn.; siege of Knoxville, Blaines crossing, Tenn.; Strawberry Plains, Tenn.; Wilderness, Va.; Spottsylvania, court-house, Va.; North Anna river, Va.; Cold Harbor, Va.; Petersburg, Va.; Weldon railroad, Va.; and was captured in Virginia, and was sent to Libby prison, where feigning sickness he was paroled after four days.

He then was sent to Annapolis, where he remained until May, 1865, and participated in the review of troops at Alexandria, Va. He was discharged at Readville.

His grandfather fought in the war of the Revolution and crossed the Delaware with Gen. George Washington.

He leaves a wife, Mary J. (Prescott) Mills, two sons, George L., Boston, and Arthur J. Mills, Worcester, a daughter, Mrs. Mabel Mills Burke, Worcester, and a brother, Cyrus Mills, Bethel, Me., also four grandchildren.

Another Savage Pest is Dead

Albert P. Pingree had a trap set for what he thought was a large fox. A few nights ago an animal got in and after considerable tearing around escaped. Mr. Pingree followed him some distance and the animal making a track so much like a large fox in the loose snow, was digging into every ermine trap and snapping it.

I'll repeat the rest in Mr. Pingree's words: "I left the track and walked out on a large ledge. The scenery there was beautiful. Just below me in the valley were small lakes set in the forest here and there and the tree clad hills and valleys stretched before my view until I could see far down over Norway and onto the flat lands toward the sea.

As I was admiring the scene, a sound came from down the ledge. It was like the bleating of an injured young deer. I bent forward and almost immediately on the end of the other sound came two barks, pitched halfway between that of a fox and a dog. I removed my hat and listened to locate the sound—I found it. Piercing the air came two of the savagest screams I ever heard or wish to hear. Mix a small lion's roar and a woman's scream together and subtract a part of the volume of sound and you have it minus the bloodthirsty anger in it. I went under the ledge I was standing on and I found what I sought.

"A small, yellowish brown animal lay in the snow its head looked as large as the body and the large eyes glared at me, while a snarl curled the lips, showing three fourths inch teeth. Quickly from the small appearing body a fore leg came forth. Horrors!" said Mr. Pingree with a little twist to his face, "That leg was over 15 inches long and tipped with sharp one-half inch claws, which dug the bark from a small tree between us, as he cuffed it angrily.

"From the corner of my eye I saw a movement and turning and looking far above me I saw a large yellow brown animal nearly 4 feet long jump a six foot ledge without hardly a bit of exertion.

"Hearing a rattle of trap chain I turned quickly. The big cat on the ground beside me jumped at my face and I fired pointblank from my hip. Just for luck the bullet hit him square in the forehead and he died a shattering mass at my feet. Although he jumped for my face, a small weasel trap, though not holding him, happened to snap on him. He hadn't met the bullet, he struck on my knees."

"No," Mr. Pingree answered my question, "the Canadian lynx or Lucivee will not attack unless cornered and he would not have jumped then if I had not looked the other way."

We are a bit skeptical about Mr. Pingree's "just for luck" shots. A year ago last fall he shot a 135 pound buck deer, hitting him in the heart the first shot with this same revolver.

It would have been rather serious if the lynx had set his poisonous claws and teeth into Mr. Pingree's leg as he was cut quite badly with a cresset a month ago, and his left leg has just got so it does not bother him so much as at first.

The dead lynx was over three feet long and nearly knee high. Mr. Pingree says he hopes to get the mate, which is larger. We hope so too and if he goes into the rocks after him, he is welcome to the \$4.00 bounty, besides the value he gets for the fur.

The Passing Away of Mr. and Mrs. Moses Hastings within Ten Days.

Mr. Hastings died Feb. 12 and Mrs. Hastings, Feb. 22, came with a shock to many people of our community. Mr. Hastings had been in poor health for the past year and the death of his son seemed to take away his interest in life and he gradually faded till the end came.

His wife devoted to his welfare, though in poor health, would not leave him through or day and when he passed on and relaxation came to her tired, almost exhausted nerve power she could not rally and though it seemed that all she needed was rest and good care, the feeble heart ceased suddenly to act and quickly and suddenly she passed on to meet him in the heavenly home.

The funeral service of each was at the home, attended by their pastor, Rev. J. E. Little.

Mr. Hastings leaves a brother, D. S. Hastings, and a sister, Mrs. Strever, both in Fellsmeier, Florida, for the winter. Mrs. Hastings a daughter, Mrs. Dodge of New Jersey and a brother in Bangor.

For over 50 years their home has been in Bangor, where Mr. Hastings was in the lumber business, retiring some ten years ago and returning to Bethel, his birth place, to pass the remainder of his life.

Though living the quiet of their home life and associating but little in public gatherings, they will be greatly missed in the community. They were Universalists and interested in all the affairs of the church.

To sit and sew all day

"Women's work is never done," they say, and too often this is true. To sit and sew all day is tiring work, and often results in headache, backache and sometimes kills ambition and takes away the appetite. The stomach, liver and bowels need exercise, but they don't get it when you bend all day over a needle. When this sort of work tells on you, you can find great relief by taking L. F. Atwood's Medicine. It is safe to take and acts favorably on the digestive organs, regulates the liver and bowels, and helps a sick headache. Women or men who lead a sedentary life will find this medicine a fine remedy to keep in the home.

WHY A PIANO?

We are HAPPIEST when our lives are FULLY ROUNDED OUT by the proper experiences, and if we don't include ART in those experiences, we have missed the combination. MUSIC is just as much needed in our home—in ANY home—as different foods are at a meal. We can't get along on bread alone, or meat alone, or anything else by itself. And we can't say that we have lived up to our full measure without music. The PIANO is an essential in your home—because its results is an important part of Happiness. And to be Happy is to have secured the best that life holds.

"Come on Over, See My Corn Fall Off!"

"I Put 2 Drops of 'Gets-It' on Night—Now Watch—"

"See—all you have to do is to use your two fingers and lift the corn right off. That's the way 'Gets-It' always works. You just put on about 2 drops. Then the corn not only shrivels, but loosens from the toe, without affecting the surrounding flesh in the least. Why, it's almost a pleasure to have corns and

"That Was a Quick Funeral That Corn Had With 'Gets-It'."

see how 'Gets-It' gets them off in a hurry and without the least pain. I can wear tight shoes, dance and walk as though I never had corns." "Gets-It" makes the use of irritating salves, bandages, tape, plaster and other things not only foolish, but unnecessary. Use this wonderful discovery, "Gets-It," for any soft or hard corn or callus. It is the new, simple, easy, quick way, and it never fails. You'll never have to cut a corn again with knives or scissors, and the chances of blood poisoning. Try "Gets-It" tonight.

"Gets-It" is sold everywhere. 25c a bottle, or sent on receipt of price by B. Lawrence & Co., Chicago, Ill.

Sold in Norway and recommended as the world's best corn remedy by F. P. Stone and Frank Kimball.

A New Machine at the Norway National Bank

This machine is really a wonderful set of steel brains which we are putting to work in our accounting department.

With it we can handle our figure work faster than ever before and at the same time be sure that every item in our books is right.

Helps Us Give You Better Service

By the machine method, every depositor's balance is kept in balance all the time and there are no mistakes such as are unavoidable with other ways of handling figures.

The time saving made possible by the machine gives us an opportunity to improve the service to our customers in all departments of the bank.

Everything is Done Automatically

It prints dates, adds your deposits to the old balance, subtracts checks, figures and prints your new balance. All of this is done automatically. The operator simply writes the amounts on the key-board—the machine shifts from column to column and adds, subtracts, or prints the date as desired, without the least attention being necessary.

Come In and See It Work

There is no method of posting ledgers known which equals this Burroughs Bookkeeping Machine in either accuracy or time saving.

Come in and see our new Burroughs at work in our accounting department.

Remarks, "Appreciation of the Grange".
Bro. Morse believes in quick rotation of crops; as much land under cultivation as can be cared for well; and using some of the best land each year as well as some of the poorest. "It is hard enough to make a profit farming on the best land without trying to get an income all the time from the poorest. One or two years' hoed crops and two or three seasons' hay brings good returns." It was voted that our next meeting be held in the daytime with a dinner and it will be on Saturday, March 3rd, weather permitting. After the close of the meeting the committee served "a treat" of excellent homemade candies, popcorn, etc., and a pleasant social was enjoyed.

NEW AUBURN MAN TELLS HOW NEW TANLAC ENDED HIS RUN-DOWN CONDITION

"I suffered from stomach and liver troubles until I was in a general run-down, exhausted condition," said L. A. Prout, farmer, who lives at 160 Fifth Street, New Auburn, Maine.

"My appetite was so poor and my stomach so disordered that I did not feel like eating at all," Mr. Prout continued. "Half the time I did not feel like working because I really felt completely tired out from the time I got up in the morning."

"I decided to try Tanlac because it was so strongly recommended to me by a friend in whom I had faith. Tanlac increased my appetite right at the start. The exhausted feeling was relieved and I felt more like myself."

"I have taken several bottles of Tanlac now and I certainly feel inclined to it for the good it has done me. And I advise my friends and neighbors to take it if they feel run down."

"It is this simple, straightforward story by well-known Maine men and women, whose good judgment and fairness is shown in their words, that have made Tanlac a household word here," said the Tanlac Man.

"Just as Mr. Prout who has gained relief is now recommending Tanlac to his friends and neighbors, so are thousands of other Maine men and women telling what this new reconstructive tonic has done for them and are recommending it to their friends. It is the words of your friends and neighbors that count most. You may doubt the endorsement of a medicine by some man in a far away state, no matter how celebrated he may be, but you do not doubt the word of home folks that is so easy to investigate."

"Tanlac is designed to relieve run-down, weak, men and women who need more strength, better digestion, sound sleep, and a revitalization of the nervous system."

Tanlac now is being specially introduced in Norway at F. P. Stone's drug store. There is a Tanlac agent in every Maine town. Nearby Tanlac agents are South Paris, C. H. Howard; Harrison, Eugene Tenney; Bridgton, F. E. Stevens; Waterville, L. R. Rounds; East Waterford, R. E. Finkham; West Paris, S. T. White.

Mrs. Mary O. Rogers
Mrs. Mary Olivia Rogers of Cambridge Mass., widow of Martyn M. Rogers died Tuesday afternoon, at the Massachusetts General hospital, after a week's illness. Mrs. Rogers went to New York just before Christmas to spend the holidays with her younger son. When leaving New Rochelle, and about to take the train for home accompanied by her daughter and daughter-in-law, she sustained a fall in the station, injuring her hip. She continued her journey to Boston, and on her arrival was removed to the Massachusetts General Hospital. Her injury was diagnosed as a broken hip, and she was supposed to be on the road to recovery, until Tuesday shortly after noon, she was seized with a hemorrhage and passed away.

Centennial Relic Had Many Years Stephen B. Cummings, while having a general clearing up recently, came across a Norway Centennial relic of 1886 in the form of an 8x10 photographic plate showing the large arch that spanned the street from the Advertiser office to Whitman street.

This large structure proved a feature attraction for thousands who came into town during the memorable celebration and the negative does it justice. In the foreground stands the arch with two pillars carrying the figures 1786-1886, large letters fastened to the span make the words, "Welcome to Norway." Flags, shields and bunting are tastefully arranged over the arch, while small cedars are banked around the base of each pillar.

On the right is the Cummings store, now occupied by Atherton Furniture Co., the former Danforth residence, Universalist church and parsonage. Across the street in the foreground stands "Buy or Borrow" print shop highly decorated with the Chas. B. Cummings residence just beyond.

Thirty years have made few material changes. Front yard fences are missing and the old kerosene street lights once standing so sentinel along the street in that day, have passed on to the dump. A piazza graces the Atherton store front, otherwise upper Main street so far as the photograph is concerned, remains practically unchanged.

We pass on to the sad climax in our short story. The plate in question has found a resting place in the Advertiser office, but was received in two parts, having been broken vertically across the middle. Small pieces are missing from the upper corner, but modern photographic methods might restore the negative, and an oblong print 6x10 could easily be secured.

M. A. Bancroft, a popular fellow about Carroll, Jellerson Shoe factory passed up a movie comedy stunt recently. Unable to wait patiently for the truckman, he borrowed a wheelbarrow and went to the freight shed after several boxes containing shoe nails with other heavy findings. Everything was rosy until this trucking outfit started across the track, when the wheel struck solid against a rail and the whole load collapsed flat as a fritter, with the actor clutching the handles like grim death. Several shoe makers tumbled onto the situation and up went he wind-ows. "Throw it into low," one suggested. "Draw your fire," yelled another. "Three strikes, you're out." "Back to the bench" and other hearty breaking remarks rolled from the truckman. Completely disgusted he left the remains and "beat it" for a friendly shelter within the factory walls.

Mr. and Mrs. Moses P. Stiles of Portland were week-end guests in town.

Norway Town Meeting

The overthrowing of the old line board of selectmen and a long term member of the school committee by the use of a Citizen's ticket, together with an easy and harmonious raising of nearly \$30,000 were the features that played strong at the annual town meeting, Monday, March 5. Many years have passed since the voters have been so thoroughly canvassed and the result watched with so great interest.

Regular old fashioned weather with drifting snow and a raw north east wind ushered in the annual meeting day. This failed to keep the voters by the fireside, they came from the four Norway corners until the average fair weather crowd had been gathered within the shelter of Norway Opera House.

Something of a contest was on this year over several town officers. Two tickets were in the field, one featured the old line stand patters, while a second, or Citizen's ticket, adopted in part the regular line up, but presented three new selectmen and a member of the superintending school committee in opposition.

The meeting was called to order at 10 o'clock by town clerk, Stuart W. Goodwin, who read in part the warrant containing thirty-six articles. Henry B. Foster was unanimously chosen moderator, 24 votes being cast in his favor. Stuart W. Goodwin was reelected town clerk, 18 votes were thrown.

On the motion of Geo. A. Brooks the selectmen were chosen assessors and overseers of the poor and the balloting commenced for selectmen, treasurer, a member of the superintending school committee for three years, two trustees of the Norway Public Library, transient officer and constables. These were cast on open ticket. The result of the vote follows. Total vote cast, 455, necessary for a choice, 228. First selectman, George P. 224; second selectman, H. Arthur Holmes 224; third selectman, Alvin Brown, 235, and Anson J. Millett, 222.

Superintending School Committee, Hugh Pendexter, sr., 249; Herman L. Horne, 206.

Treasurer, Eugene N. Swett, 455. Trustees Norway Public Library, Frank Kimball and Robert J. Bruce, 455. Transient Officer, Horace Sanborn, 455. Constables: W. A. Bicknell, Fred J. Lovejoy, E. G. Gammon, E. W. Hutchins, John W. Prince, Edward Blake, Fred M. Davis, P. D. Thurston, P. P. Towne, C. P. Boober, Horace Kimball, Charles H. Pike, A. P. Bassett, F. A. Hall, E. C. Libby, all receiving the full number of votes cast.

Three candidates were after the collector's berth, each willing to take it on for 1 1/2 per cent. As their bids read. As a result of the balloting Charles H. Pike, the present incumbent drew 199 votes. J. Waldo Nash had 67 and Harry O. Stimpson was given 49, a total of 315 votes being thrown. At this point the meeting adjourned at 12.15 for dinner.

The real business opened at 1.15 P. M. with a smaller attendance than during the morning exciting session. The next business to be assessed against the heirs of W. S. Pratt and against Albert F. Canwell for 1917 were against. The town voted to pay 1 1/2 per cent. for the collection of taxes, also voted to expend 10 per cent. of the amount raised for roads and bridges on sidewalks. November 1, 1917 was the date fixed for all taxes and become due, interest begins January 3, 1918 at 6 per cent.

After some argument at random, P. P. Towne strongly favored three road commissioners in place of one. He believed it economy in the end and better results gained. A vote 54 yes against 49 no made the change from one, as heretofore, to three as proposed by Mr. Towne. An allowance of \$25.00 per day was also voted for labor rendered.

The article relative to granting \$100 for office rent for the local Agricultural Demonstrator was declared illegal and a motion was carried to pass over the article. George L. Curtis presented a motion to the effect that a vote be taken to show the citizens' appreciation of the good results coming from this department also giving the selectmen power to draw \$100 from the contingent fund for the necessary rent. Some opposition was in evidence and P. Robert Seavey explained the situation. He said in part that this office had been carried two years or more by the Board of Trade and popular subscription. It was a direct benefit to the farmer and circulars had been mailed, pointed out many advantages that came directly to them through scientific demonstration. Therefore, he thought it wise to ask their support which would not in anywise be a burden, considering the many benefits received. P. P. Towne, P. D. Thurston, George A. Brooks and H. L. Horne also spoke on the question. It was put to vote and went in favor of the motion.

In raising school money, the tendency at first was to trim down the amounts recommended by the committee. A motion calling for \$3,000 in place of \$3,600 for public schools brought out the explanation from Herman L. Horne that the smaller sum would not meet the needs at all. He said the town schools require \$262 every seven days during a period of 34 weeks, making the year's result \$8,908. The refund from the State and mill tax nets the town \$5,087.19, so the full sum recommended would be necessary to continue the end without an overdraft. The high school article also drew forth more or less argument because of the apparent advance in appropriation wanted. Mr. Horne again explained by figures that this institution cost in salaries alone \$118.85 each week for a period of thirty-six weeks or a total of about \$4,116.14. State and tuition would return about \$1200 so the committee considered \$3500 a fair appropriation with a safe margin.

Second Annual Military Ball

A brilliant affair was the Second Annual Ball given by Company D, 2nd Infantry N. G. S. M. in Norway, Open House, Friday evening, March 2. About fifty couples enjoyed an order of sixteen dances, while Shaw's orchestra from South Paris furnished excellent music.

No pains had been spared to make the annual ball a pleasant and pleasing to the eye. Patriotic decorations appeared everywhere. Back of the stage a large flag hung in graceful folds, and on either side smaller banners were effectively arranged with stacked guns at convenient intervals. To the left was an illuminated glass case displaying many silver cups won by the company at different times.

Below was the mounted form of that pet Mexican Wild Cat brought home alive from the border, but died soon after. At the stage a large trophy was placed. The large Maine State Championship trophy, won in 1915 by the company for expert marksmanship, also a large 1907 banner. Flags tastefully arranged about the gallery border lights were conspicuous. Red, white and blue incandescents in the center of the stage and balcony added greatly to the color scheme and patriotic sentiment.

Shaw's orchestra, six pieces, with Howard Shaw leader and prompter, opened the grand march with a patriotic melody, interluding American airs that thrilled the hearts of the company. The national color display. About the center of the stage the dance floor, the music and the merry party that had gathered at this time.

Preceding the Grand March, twenty men from Co. D, under Lieut. Guy I. Swett, occupied the floor for twenty minutes, executing a close formation drill in true "regular" fashion. Their work was snappy and fully up to the high standard shown on the same floor the evening of their return from the south.

Those who had the affair in charge were floor manager, Lieut. Guy I. Swett; aids, Sergt. Arsene Blaquiere, Sergt. Francis M. O'Brien, Musician David Cockburn, Corporal Lester L. Witham, Corp. Francis Carroll; Private Fred Stiles, Honorary aids, Lieut. D. M. Stewart, M. C. Capt. H. B. Farris, Sergt. Harold M. Allen, M. C., Sergt. L. H. Daugherty, Commissary.

If the Time Was Ever Ripe for

COMPARISON

In Shoe Buying

It's Right Now

Good shoes are extremely scarce and prices are constantly advancing. This is no time to buy with your eyes shut, nor to accept every "mark down" announcement at its face value without investigation. Shoe material is being manipulated, manufacturing slighted and fictitious values quoted. It's a good time to look sharp, to compare, to be careful what you buy.

We always invite comparison on our Douglass and Regal shoes. Take for example, the following instance, which can easily be verified, even by a man who has never qualified as a shoe expert.

A Pair of Regal Shoes

purchased at this store in the early Spring of 1916, have been worn steady for about five months, have had two new pair of heel lifts, the soles are beginning to get thin on the bottom and will soon have to be half-soled. The linings are in good condition and the inside back-stays are perfect. The Regals are still holding their perfect shape and fit. The price of the Regals at that time was \$4.00.

A Pair of Ordinary Shoes

purchased the first of November, 1916. Worn about four weeks, the tops of both shoes are out of shape, the heels are loose, the welt of one is coming off, the lining of one shoe is in bad shape and the inside back-stays of both shoes are broken. The matter of adjustment was taken up with the retailer, who immediately tried to adjust with the wholesaler, the wholesaler tried to repair (which is impossible) and retained the shoes. The matter is now up to the manufacturer with no possible chance for adjustment; therefore, the purchaser must stand the loss. The price of the ordinary shoes was \$4.00.

In our store adjustment is made in reasonable time, many cases of adjustment are made in less than five minutes and none of them had ought to take over ten or fifteen days, and above all our adjustments are satisfactory whether on a pair of shoes, a suit, overcoat, shirt, or even a small article like a pair of shoe-strings.
